

Built on the success of Sword and Sword EL, here's the most innovative multi-functional and automated vertical cutter ever made by Neolt Factory, once again designed on the basis of customers' demand.

Custom-built, but accessible to many

Absolute manufacturing excellence, Italian design, uncompromising power, high cutting precision: this is the promise of Sword ELs for modern sign makers, stand builders and industrial and artisan businesses with high cutting volumes of rigid and special substrates. All with a keen eye on the budget and with the highest levels of investment protection.

Multi-tool, multi-material, ultra-fast and XXL

Sword ELs is characterized by a light and elegant but at the same time robust and reliable body. The unique design of the cutter equipped with millimeter ruler allows a safe and quick tool change, with the possibility of having two fixed blades always in position for the cutting of cardboard and Forex, alongside with to a third motorized 30.000 rpm tool for cutting methacrylate and Dibond up to 5 mm thick, with creasing function for folding-only requirements.

Available in 2100, 2500 and 3100 mm heights, Sword ELs can reach speeds up to 24 meters per minute, and thanks to the solid and extra large base it can accommodate large size boards.

Warranty

12 Months Parts Only
