

DALTON

COLD ROLL LAMINATOR 1600

The Dalton is a step up from the Oxley laminator. This machine has all the benefits of the Oxley but comes with solid 76mm aluminium mandrels for fast and easy loading of materials and comes with a optional rewind unit for longer lamination runs.

- 1600mm wide
- Variable speed (up to 5mts per minute)
- Top roller (130mm diameter)
- Lower roller (105mm diameter)
- Opens to 20mm (easy single lever action)
- Infrared sensor safety switch
- 2 emergency stop buttons
- Upper idle bar
- Complete with built in rewind unit
- Complete with mobile stand and foot pedal
- Aluminum tube mandrels, fits 76mm cores
- Forward and reverse function
- Lower mandrels with double ended clutch
