

POWER TRIM PLUS

MANUAL TRIMMER

The Power Trim Plus is the high-performance manual cutter, available in a wide range of cutting measures. Thanks to the availability of the 1.05 and 2.5 meters models, Power Trim Plus suits the needs of every business from small to large.

The Power model is equipped with reinforced cutting table, a rotating blade cutting head in hardened steel, a fixed blade in painted stainless steel mounted on a sturdy ball-bearing shuttle.

The standard equipment includes a container for the collection of waste and the adjustable alignment guide.
