

# ELECTRO POWER TRIM PLUS

ELECTRIC TRIMMER

Electro Power Trim Plus is the high-performance electric cutter, designed with the most advanced technological features and available in a wide range of cutting widths. The availability of sizes from 1.45 to 3.6 meters makes it the perfect complement to all operators of digital printing that operate super wide format ink jet printers.

- Electro Power Trim Plus has a robust rotating blade cutting head in hardened steel, mounted on a square sliding bar on a reinforced cutting table.
- The metal parts are painted with epoxy powders providing maximum resistance to cuts and scratches.
- The standard version includes a stand for ground positioning with adjustable feet, a container for waste collection, adjustable guide and the lamp for lighting the cutting area.
